

NIPPON EBE DUO

Design by
Sven Sörmus
iseasi

Nippon Ebe is a bench which is massive but floatingly airy making it a perfect fit also for public lobbys. Being exclusively representative and correctly modest at the same time Nippon Ebe is compatible with both modern architecture and historical space. It is the clear and simple perfection which makes Nippon Ebe so versatile.

NIPPON EBE DUO

FEATURES

Unpretentiously clean and minimalistic design.

Balanced shape with an extremely balanced and refined legs.

Its simplicity makes it suitable for both outdoor and indoor use.

A clever solution that hides all the fastening details and ensures pure surfaces.

The stainless steel metal construction is excellent for rust resistance and aesthetics.

Exter quality without compromise- harmonious design, carefully selected materials and engineering considered to the last detail.

WOOD

The wood selection includes double layer oil coated knot-free thermo-treated ash and tropical wood. Tropical wood has no top coat.

Thermotreated ash (oiled)

Tropical wood

METAL

The construction and legs are available in stainless steel.

Stainless steel
